SANITARY MACERATORS CONCEALED INSTALLATION

CONCEALED INSTALLATION WITH SANITARY MACERATOR

New range of sanitary macerators and concealed cisterns, adapted to the latest market trends, silent, compact, concealable and powerful. They allow the installation of wall-hung toilets.

Exclusive caset system. The only one allowing easy maintenance without removing the toilet.

New design of the pumping unit allowing up to 6 m in vertical pump with a compact design.

WITH TEMPERED GLASS COVER

Model with 2 part frontal cover in tempered glass allow an easy caset register. Available in 2 colours: black and white.

CICLON FIT SANITARY MACERATORS

The easiest to maintain range in the market.

A new range adapted to every project.

With one to three inlets to install just a toilet, or up to a complete bathroom with toilet, shower and basin everywhere: cellars, garages, store rooms, staircase hollows, or other areas. Equipped with a 470 W motor, with reduced noise level, it can pump away up to 5 meters in vertical or 52 meters in horizontal.

Thanks to its careful design, the **Ciclon FIT** sanitary macerator can be perfectly integrated within other bathroom elements. With the Caset system, easy and fast maintenance operations are possible.
